MEATLESS MONDAYS: CARE TO JOIN US?

The Library and the Friends of the Library have begun to focus on making our practices and policies more sustainable, in an effort to be responsible stewards of our environment. This has manifested in several ways thus far, with the Clynk program for recycling your deposit bottles, new and updated purchasing practices, a focus on energy efficiency in our new building, and our new water bottle filling station. Even our summer reading program this year had a sustainability prize basket!

In our newest venture, the Library and the Village of Kinderhook Climate Smart Task Force will kick off a Meatless Monday campaign in early 2020, at just about the time we all make our New Year's resolutions. Meatless Monday is a non-profit health initiative encouraging people to go meatless one day a week for their health and the health of the planet. The average American eats as much as 75 pounds of meat a year, and meat and dairy account for almost 15% of the world's greenhouse gases.

Meatless Mondays will be very informal. There are no membership forms, no dues, no meetings; merely a personal/family commit-

ment to consume no meat just one day a week. If Mondays don't work for you, any day of the week will do! The Library will provide plenty of literature, recipes, etc. to help navigate this new territory. Is it time to consider reducing your "foodprint"? For more information about the organization, visit their website at: www.meatlessmonday.com.

If you're looking for more information about the many ways you can make incremental changes to your life and benefit the planet at the same time, check out one of these titles at the Library. We're doing our best to lead the way to a happier, healthier planet for future generations. Let's be the change we want to see in our world!

Friends of the Kinderhook Library Thank You for Being a Friend! National Friends of Libraries Week: October 20-26

We are delighted to welcome everyone to a performance by classical guitarist Eric Roth on Sunday, October 20, as we celebrate National Friends of Libraries Week, a time set aside by the American Library Association to acknowledge the valuable contributions of Friends groups across the country in support of their libraries. Please join us for music and refreshments in honor of the work and advocacy our Friends group has provided to support the goals of the Kinderhook Memorial Library. Don't miss it!

Fall is a very important time for the Friends. Our annual meeting will take place on Friday evening, September 13, during our popular members-only Preview Party. Members will vote on the budget and the slate of officers for the coming fiscal year, which begins October 1. Our 2019-2020 budget, posted on the Library bulletin board, includes a healthy contribution of over \$18,000 toward the operations of the Library. Our Read and Relax Café and Book Sale will return to the McNary Center on Saturday, September 14, with delicious baked goods and beverages to enjoy while stocking up for fall reading. On Sunday, September 15 sales will continue by donation. Your support makes all this possible – thank you!

Fall is also membership renewal time, so when you receive your renewal letter, we hope you'll renew right away. Membership is the

lifeblood of our organization so please urge others to join as well.

We're also looking forward to the launch of our very own Friends Facebook page, appearing any day now. Follow us on Facebook for the latest on Friends events and activities. Many thanks to Lisanne Jensen, Louise Marks, and Bonnie Shannon for their work on this new frontier.
