Locate and select gallery

The screenshot shows the WordPress 'Manage Galleries' page. The left sidebar contains a menu with 'Gallery' circled in red. The main content area displays a table of galleries. The 'home' gallery name in the first row is circled in red, and a red arrow points from the text 'click to edit' to it. The table has columns for ID, Gallery, Description, Author, Page ID, and Images. There are 5 items listed.
