

Dashboard >Appearance >Widgets>Visual Editor

In the event that you replace any of the existing pages, edit links and save.
Screenshot below shoes text view in editor window:

The screenshot displays the WordPress dashboard for 'Kinderhook Memorial Library'. The left sidebar menu has 'Appearance' and 'Widgets' circled in red. The main content area shows the 'Widgets' section with 'Available Widgets' (Archives, Blog Post Calendar, Calendar) and a 'Sidebar' widget containing 'About Library Menu' and 'Adjust Text Size'. Below this is the 'Visual Editor' section, also circled in red, which is in 'Text' view. The text editor contains the following HTML code:

```
<div class="friendslib">
  <h4>Friend's Links</h4>
  <a href="http://kinderhook.accountsupport.com/?page_id=39" title="Friends Home">Friends Home</a>
  <a href="http://kinderhook.accountsupport.com/?page_id=966" title="Friends' Events">Friends' Events</a>
