## A FOND FAREWELL FROM ANNALEE

**T**hey say that the only constant is change, and life at the Kinderhook Memorial Library is no exception. Many of you may have heard by now that my time as Director here has come to an end after ten of the most wonderful and productive years of my career. I am moving on to be the Executive Director of the New York Library Association. While I am excited at this new opportunity, words cannot express my gratitude to our communities for the support you have given me and the library for every one of those years. I shared with the Board recently that while we may have built a library together, they also built a Director. I have grown personally and professionally during my tenure, and the Board has supported and encouraged that growth every step of the way.

**I shared with the Board recently that while we may have built a library together, they also built a Director.**

When I came to Kinderhook in April 2012, I had little administrative experience, but a lot of hope and plans for the future. Leaving here, I can say that I have had a lifetime of experiences packed into a decade, and I still have just as much hope for the future of this library.

For those of you who don't yet know, I am thrilled to share that I will be succeeded by our new Director, Matt Pavloff, who has served as our esteemed Teen Librarian and worked alongside me for 9.5 of my 10 years. Believe it or not, Matt is the 15th Di-

rector of KML! Like me, Matt has grown in his time here from a library school student working as a library assistant, to a librarian who shaped and defined a new role as our first full-time Teen Librarian. He is creative, dedicated, forward-thinking, and shares my deep love of this library and our communities.

Matt is ushering in a new era at the library, with a focus on sustainability, community outreach, and maintaining our high level of customer service. He is also transitioning his role from that of Teen Librarian to becoming our resident Adult Librarian, and hiring someone new to take on his previous job. I have every faith in his ability to propel the library to the next level, and to engage you all while he's at it. I know you will all show Matt the kindness and generosity of spirit that you have shown me as he starts this new adventure.

In closing, I want to thank the communities of Kinderhook and Stuyvesant for their enthusiasm, assistance, patience, and cooperation over the years. The Kinderhook Memorial Library is the beating heart of our towns, and you all make our jobs possible and enjoyable. It has been an honor and a privilege to serve you all, and I will miss you dearly. In the immortal words of A.A. Milne and Winnie the Pooh, "How lucky I am to have something that makes saying goodbye so hard."

*-AnnaLee Dragon,  
former Library Director*

# Friends of the Kinderhook Library Books Are Back!

**A**s spring arrives the Friends are giving attention to creative fundraising, including ongoing ways to make books available for sale. As we did last year, we are aiming to have periodic pop-up book sales at the Kinderhook Farmer's Market and, even sooner, to make books available for purchase on our shelves outside the meeting room at the library. We're planning to hold our annual book sale in September and, to that end, have resumed collecting your book donations by appointment. If you have books to donate, just leave your name and phone number at the circulation desk at the library and someone will call you to set up an appointment to bring your books to the McNary Center. Please do not leave books at the library or at the McNary Center without an appointment. Your donations are what make our book sales so successful, so thank you for your generosity.

We're also looking into developing merchandise featuring our handsome new logo, possibly including tote bags available for purchase at our book sales. The Friends Craft Group will be gearing up again this summer and new members are always welcome. If you'd like to join in and participate in their weekly sessions of crafting and camaraderie for a cause, leave your name and phone number at the library and you will be contacted.

Our CLYNK project is going stronger than ever; in the last three months we have recycled 11,875 bottles and cans! Let's make it 12,000 in the next three months. You can pick up bags from the box outside the library - they are coded for the Friends, and when you drop your full bag at the kiosk in the Hannaford parking lot, the redemption proceeds will come to us. In addition to the financial benefit, this gives the Friends the opportunity to

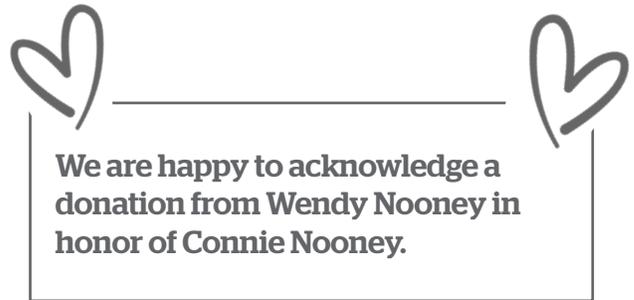

support sustainability and to cooperate with the Kinderhook Climate Smart Community Task Force.

We all look forward, I'm sure to emerging from our winter cocoons and greeting each other again. Happy spring!
