## Committed to a Sustainable Future

**H**ere at the Library, sustainability has been a focus of our board and staff for many years. In fact, one of the cornerstones of our building expansion was to update our existing systems to more eco-friendly and efficient ones. These included swapping all of our light fixtures for LEDs, sourcing our electricity from a community solar program, and making the transition to more efficient heat sources. We even have a beautiful pollinator-friendly garden that blooms for three seasons of the year!

And yet, we have so much more planned! To help lead our library toward our goals, the Library Board has formed a permanent Sustainability Committee. The committee consists of Mark Wilson (chair), Ann Birckmayer, Kevin Gilrain, Kathy Schneider, Gary Spielmann, F. James Tuttle, and our community liaison Allison Whiting. Under their leadership, the Library has registered with the Sustainable Libraries Initiative, a program aimed at helping libraries achieve true sustainability through a number of objectives and tasks. The SLI has three primary pillars of focus: Social Equitability, Economic Feasibility, and Environmental Sustainability. By adjusting our practices to address these areas, we can ensure that your community will have a strong and established library for years to come! At the end of the summer, we are about 20% of the way toward certification, and we'll keep you updated as we progress!

You may have noticed some of our sustainability-focused programs already: our Meatless Monday campaign saw over

100 people register, and as of this writing we have had over 180 pounds of plastic film brought to our library for recycling! We have been working with the Village of Kinderhook's Climate Smart Task Force, and through them we are currently a site for

battery recycling and have hosted a very well attended information session on having heat pumps installed in your home. And this fall, we'll be collecting personal care items such as soap, shampoo, and toothpaste, for donation to a local soup kitchen; we'll also be working with other Columbia County libraries gathering coats and other winter clothing to donate to local families in need.

We'd like to take a moment to give a huge thanks to the Valatie Hannaford for helping us to meet our sustainability goals. Not only have

they been our neighborhood plastic recycling partner, but they were also imperative in promoting Meatless Mondays with in-store displays and promos, and donated the equivalent of nearly \$600 in fresh produce and groceries for our Virtual Cooking Class with the Sylvia Center!

We are so excited to continue with this line of programming and development, and we hope you are too! Our partnerships with local businesses and organizations, our connection with our patrons, and our future-forward approach to development will keep us steadily marching alongside our growing community.

## Protecting Your Freedom to Read

Throughout history, there have been attempts to suppress the voices of opposing opinions or beliefs by censoring their writing. Though rare in our country, this has included classics (*Catcher in the Rye* by J.D. Salinger, *Of Mice and Men* by John Steinbeck) and contemporary works (*The Handmaid's Tale* by Margaret Atwood, *The Hate U Give* by Angie Thomas); books for children (*King & King* by Linda De Haan, *Class Act* by Jerry Craft) and adults (*The Bluest Eye* by Toni Morrison, *Carrie* by Stephen King); graphic novels (*Gender Queer* by Maia Kobabe, *Maus* by Art Spiegelman); nonfiction (*Caste* by Isabel Wilkerson, *Beyond Magenta* by Susan Kuklin); and biographies (*Persepolis* by Marjane Satrapi, *The Diary of a Young Girl* by Anne Frank).

Removing these stories from libraries means removing an individual's freedom to read these stories. All of these books are available in our collection, meaning that they are available to whomever chooses to read them. By offering a diverse and varied collection of books and materials, we can continue to ensure that the backgrounds and beliefs of our community are represented to the best of our ability. This variety ensures that anyone visiting our library will be able to find great materials for themselves and their family.

# Friends of the Kinderhook Library Celebrating Our Members

**A**s we approach National Friends of Libraries Week, October 16-22, the importance of our members and their loyalty to the Library come into sharp focus. We broke all previous records this year with over 230 members, and, while several factors contributed to this increase, particular thanks go to former Membership Chair Louise Marks who spearheaded the addition of electronic features to our website making it easier to join, renew and donate, and to Publicity Chair Clare Dunn whose management of our website and Facebook page has given us wide visibility. Louise and Clare will be leading us into the future in their new roles as Chair of the Friends and Membership Chair respectively.

The Friends Council has voted to change our membership year to begin in January instead of October. This means that membership renewals will not be due until the first of the year, giving our members a three month bonus in 2022. And new members who join the Friends during the remainder of 2022 will have their membership extended through 2023.

Our members are hard workers! So many helped at our pop-up book sales during the summer and at our annual book sale in September, a huge effort leading to a great success. Providing refreshments for events, crafting for holiday sales, and helping with grounds clean-up are some of the ways our members have contributed to the Friends' role in supporting the mission and goals of the Kinderhook Library. And to that end the Friends Council members with whom I've worked over the years have contributed incalculable time and effort. Thank you all.

Looking ahead, we are planning a pop-up book sale at the Library on Candlelight Night, December 9, and we will continue to stock our by-donation book shelf in the back hallway, so there will always be new books and media to choose from. All our book sale efforts would be impossible without the generous book donations

from the community and we are so grateful for them. Look for more opportunities to donate books come next spring.

Happy Fall to All!
