2019 SUMMER READING PROGRAM

“Space, the final frontier...” And we now have double the space to celebrate the summer reading program! Since this year’s theme, A Universe of Stories, is in honor of the 60th anniversary of the historic moon landing,

we plan on putting our new space to good use with plenty of SPACE-themed programs! Our hope is that they will help inspire children of all ages to dream big, believe in themselves, and create their own story.

We will still have our weekly family story-times for babies, toddlers, and preschoolers, but we plan on incorporating some SPACE STEM into our Thursday mornings, so older kids might want to join us as well! And on Friday mornings, we will be throwing parties for some of our favorite book characters, like Elephant & Piggy! For school-age kids, special performers will be stopping by to teach them about everything from constellations to rocket propulsion. We are also super excited that StarLab will be here with an inflatable planetarium to wow kids with a close-up look at the stars!

Of course, our big, beautiful universe would not be complete without our beloved animals! If you haven’t had the opportunity yet, you will get to meet a kangaroo, tortoises, and other critters

who will be visiting the Library all summer long. There will also be a special presentation on the animals that have gone into space with the astronauts!

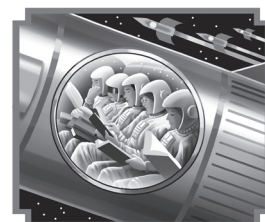

Sign-up for the Summer Reading Challenge begins on June 15 at the Library or at BIG Truck Day (see inside for details). Then join us on Friday, June 28 at 5pm at Rothermel Park for the official Summer Reading Program Kick-Off Party with ice cream, crafts, and Mad Science of the Capital Region!

Most importantly, remember to keep reading! By signing up for the Summer Reading Challenge you can log your reading and enter to win great prizes. So, this summer plan to boldly go...to the Library!

— Miss Beth and Mr. Matt

Read Away Your Fines

Kinderhook Memorial Library cardholders age 18 and under can now get rid of their fines by reading them away! For every 15 minutes spent reading in the Library, \$1 in fines will be removed from your account. How easy is that?! Children, teens, and young adults up to age 18 may visit the Library and register for the program. Then just sign in and out with the librarian to track time spent reading. Corresponding fees will be waived at sign-out (unfortunately, we cannot waive fines owed for items belonging to other libraries). Get a clean slate and a fresh start. Come in to the Library and read away your fines!

FROM THE LIBRARY DIRECTOR

YOU SAY GOODBYE, AND I SAY HELLO!

As is true in life, all good things must come to an end at the Library as well.

In the past few months, three of our long-time Trustees and friends have stepped down from the Board. Bill Better, Matt Cabral, and Jane Jessup Mayer have all been such wonderful leaders throughout the years, and all contributed significantly to the success of our Library and its expansion. We cannot say enough wonderful things about this group, or thank them adequately for the many hours of blood, sweat, and tears that they have given to our cause. They remain an important part of our Library family, and they leave big shoes to fill in their wake.

Luckily for the Library, our service area is simply overflowing with generous and talented people! After an open public search for new candidates, the Library is thrilled to announce two new Trustees who were

elected at our May meeting: Ann Birckmayer and James Fleming. The third open seat will go to a Stuyvesant resident, and the search is currently underway.

Ann Birckmayer has long been involved in the Village of Kinderhook, and her family has close ties to the Library. Her work with various grant agencies gives her a strong background for Board work at a not-for-profit. Ms. Birckmayer currently serves as Administrator for the Furthermore Grants in Publishing and the Alice Award, both of which are related to the book/publishing industries. She is also heavily involved in the OK5K Planning Committee, and is the originator of the Kinderhook Walks series of local educational guided tours. With all of her experience, we know Ms. Birckmayer will bring a wealth of knowledge and expertise to our organization!

James Fleming served on

the Board at the turn of the century and was vice-president in 1999 when the Library won voter approval for Chapter 414 status, finally securing a steady, reliable source of funding. He also served on the board of the Shaker Museum and Library (as it was known then) at about the same time. Mr. Fleming is retired after 30+ years in advertising and marketing, and now works part-time at Kinderhook Wine & Spirits. He was also a founder (and continues to be a stalwart member) of the Friends of the Kinderhook Memorial Library. We are so happy to have him re-joining our leadership ranks and helping to guide us into the future!

If you are interested in serving your community and your Library, we periodically have openings on our Board. Watch for announcements on our website, Facebook page, and at the circulation desk, and then express your interest!

Stand Up and Be Counted!

As you may know, the government is gearing up for the 2020 Census, which will be the 24th United States Census. And like so many things, it is moving online. But never fear, your Library is here! We have all the tools and help you need to ensure a quality count while protecting the privacy of our patrons.

While the census may not seem that important to you, it has a huge impact on many government funded programs and services (CHIP, WIC, HEAP, etc.), as well as on our state's representation at the federal level. This is why it is SO IMPORTANT that you make sure that you and your loved ones are counted!

The census is only a few short questions, and we'll have dedicated laptops set up for this purpose, along with staff that can answer any questions you have. You don't need to have a library card to use the computers, and we are committed to maintaining your privacy throughout the process.

Keep an eye out for more information as we approach the new year, and as always, feel free to stop by or call with any questions or concerns you have. Together we can make sure we all count and get the services we need!

Museum Pass Program

You already know you can get books at the Library, but did you know you can check out a whole museum?! In 2019, we are pleased to continue our Museum Pass Program, offering free access to a variety of museums and cultural attractions. Passes can be borrowed for up to three days, and will grant you free admission to participating locations. In 2018, the museum passes were borrowed 331 times, and saved our patrons and their families almost \$12,000 in admission fees!

Special thanks to the Friends of the Library, who are again underwriting the entire cost of our museum pass program. Thanks to their support, we offer passes to 32 museums! Our brand new passes this year are:

- The Bennington Museum
- Iroquois Indian Museum
- Storm King
- World Awareness Children's Museum

More information is available on our website and in brochures at the Library. Expand your mind today with a free trip to a museum!

Adult Summer Reading Program

Why let the kids have all the fun this summer? Our Adult Summer Reading Program is back! Adults are welcomed and encouraged to join beginning on Saturday, June 15. Raffle winners will be drawn on Thursday, August 8.

Borrow a Backpack!

Are you ready for some outdoor adventures this summer? Well, your Library is here to help! Whether you borrow one of our Empire Passes for a state park, or you're headed out camping or hiking on your own, why not check out a backpack, too! We'll have two backpacks available, and each will have:

Friends of the Kinderhook Library A Wider View

Our participation in the Friends is, of course, focused on how we can support our own Library as it strives to serve the communities of Kinderhook and Stuyvesant, but did you know that we are also organizational members of two important groups: the Friends of Libraries Section of the New York Library Association (NYLA) and United for Libraries, a division of the American Library Association? NYLA is the voice of the library community in New York, the oldest state library association in the country, established in 1890 by Melvil Dewey. It is the only statewide organization dedicated to advocacy on behalf of libraries and library staff to the state legislature and serves as the spokesperson on library matters to the media and public policymakers. Our membership in NYLA's Friends of Libraries Section (FLS) links us to Friends groups throughout the state and affords us opportunities for continued growth through workshops, webinars, and conference programs targeted at Friends' needs. By virtue of my role on the FLS Board, we have an even more direct link to its activities and we have reaped the benefits of connecting to others who share our goals. NYLA's annual conference takes place each fall, this year from November 13-16 in Saratoga Springs, with a concentration of Friends programs on Friday, November 15. I plan to attend the conference and also the pre-conference workshop on strategic planning for Friends groups; this will be very valuable for us as we look to the future of our organization. (Important note: our own Library Director, AnnaLee Dragon, is running for President of NYLA this year!)

The Friends of the Kinderhook Library is also linked to Friends groups across the country through United for Libraries, a national network of enthusiastic library supporters who believe in the importance of libraries as the social and intellectual center of their communities. We receive their bi-monthly newsletter, *The Voice*, which is always chock full of ideas to make Friends' work more effective.

To learn more about NYLA and FLS go to nyla.org and click on Trustees & Friends, then Friends of Libraries Section. To learn more about United for Libraries go to www.ala.org/united/about.
