## Fond Farewell from our Board President

**After 14 years** of service as President of the Board of Trustees, I will be stepping down in January. It has been a most gratifying experience for me to work with such talented and dedicated individuals - Board members, staff, and Friends of the Library. And to think what we have accomplished together!

The library is now in its 94th year of service and I am proud to be its second-longest serving President.

In 2009, the Board resolved to transform our 75 year old building into a state of the art facility. In 2018, we completed our mission and dedicated our new building, which is three times the size of its predecessor.

Three other long-serving Trustees will also be leaving the Board in March 2023 due to term limits.

Mark Wilson has served for 22 years. He has chaired our Nominating and Sustainability Committees. He has also chaired the Mid-Hudson Library System board. His leadership skills and experience have helped us blaze a path forward.

Lee Jamison has served for 18 years and has been the Board's liaison to the Friends Group. She advocates for Stuyvesant and connects us to other community groups, including the Friends of the Electric Trail. She shares her time and talent generously.

Karen Vecellio has served for 16 years and has been Board Vice-President for most of that time. She has chaired our Operations Committee. She has been our liaison to the Ichabod Crane School District, where she served as President of the Teachers' Association. Her

work experience and caring ways have endeared her to everyone.

Our combined length of service is 72 years. Our four replacements will be selected by an established outreach and evaluation process. A new board will be seated at the Library's Annual Meeting in March, 2023. During my tenure as President, 38 individuals served as library trustees. In 14 years, the Board has never had to cancel or postpone a trustees' meeting due to lack of a quorum or from COVID. We went virtual and responded to the public health emergency at hand. Our wonderful director and staff showed the way, aided by the new technologies we had just acquired in our building program.

Kinderhook Memorial Library has a talented library staff led by a dynamic director, Matt Pavloff. In 2009, there was one full time certified librarian on staff. We now have three, each with a library specialty (Children, Adolescents, and Adults). We are proud to be a leader in library circles in professionalizing our workforce. Matt, Mandy, and Emily are enthusiastic, energetic, and creative. The results of their work are satisfied patrons of all ages.

Sustainability has long been a goal of the Board, staff, and Friends. As we move towards that goal, we have partnered with the Kinderhook Village Climate Smart Task Force. Reducing our carbon footprint is a goal, and recycling is a win/win for the planet and our two towns. Since 2009, we have doubled our operating budget. Key to this growth is the regular use of a referendum at the ballot box to seek additional public funds for the library. Our record is 16 victories and 0 defeats. We take it as a vote of confidence and thank our voters for providing it.

-Gary L. Spielmann

# Sustainability Update

It has been a busy couple of months regarding sustainability at the Library! We are currently 40% of the way toward our goal of achieving our Sustainable Libraries Certification, and have hit a number of milestones toward that goal:

- ☛ Updated our policies to include sustainability as a goal in all of our practices
- ☛ Collected over 500lbs of plastic waste from the community, earning a free Trex bench for the Village
- ☛ Adjusted our budget to offer a living wage to all employees (visit [www.livingwage.mit.edu](http://www.livingwage.mit.edu) for more information)
- ☛ Expanded our Spanish-language offerings thanks to a grant through the Mid-Hudson Library System

We are well on our way to achieving our certification before the end of 2023, so look out for further updates and more great programs!

## Family Book Club: Talk & Craft

Land is a three-time participant in the 1000-mile Iditarod Trail Sled Dog Race in Alaska, and has given presentations like this across the country. # Friends of the Kinderhook Library

## Looking back at 2022 and ahead to 2023

**2**022 marked the return of “the usual” Friends’ activities as we continued supporting the Library through fundraising and volunteer activities. You may have seen us at our monthly Book Sale pop-up at the Farmer’s market; providing hospitality at a library program; selling hand-crafted items made by our volunteers; participating in community events in Stuyvesant and Kinderhook; or holding the ever-popular September Book Sale. New in 2022 was the launch of the Friends Bookshelf Sale, an offering of books and media for purchase, located on the shelves outside the large meeting room at the library.

Behind the scenes, the Friends helped provide support for a variety of Library services such as the NY Times subscription, the quarterly newsletter, community programs, CLYNK oversight and the Summer Reading program.

The Friends are proud to note that we have over 250 memberships representing families, individuals, and businesses in our community. More than 50 people volunteered to work during the Book Sale weekend and others helped take in and sort books in the prior months. We are gratified to have 60 new community members and that we continue to receive support from our renewing Friends’ members.

A notable change occurred in 2022. Marie Orlando, Chair of the Friends Council for 10 years, has “retired”. Her stewardship of the Friends and support for the Library has been remarkable and steady. Marie provided leadership, not only at the local level,

but also through her participation in the Friends section of the New York Library Association. Thank you, Marie!

As we look ahead to 2023, the Friends welcome incoming Council members (listed on our website) and look forward to meeting and engaging our membership in new ways. We are sponsoring several programs for the 1st quarter, including the “So You’ve Written a Book: Now What?” series and the family-friendly “Mush! With Noggin the Sled Dog”.

Follow us on FaceBook – kinderhooklibraryfriends to stay in touch and to learn about our activities throughout the year. New for 2023 is a change in the Friends renewal cycle, to begin in January. If you want to get a head start on your renewal, or are newly joining, use the form below, or head to our website and click membership, at: <https://kinderhooklibrary.org/friends-of-the-library/> or, use your mobile device on the following QR code:

We look forward to seeing you in 2023!
