## COLOR YOUR WORLD!

Summer is one of our favorite and busiest seasons at the Library, and we're excited to give all of our patrons the chance to Color Your World! Families and individuals can sign up at the Library throughout the summer to join our Summer Reading Program for the chance to read some great books and maybe even win some prizes!

We have a whole bunch of opportunities for you to add a splash of color to your world. For adults, we've got a great presentation on The Art and Activism of Faith Ringgold on July 26th where local art historian Maria Ausherman will discuss the legacy of this incredible artist. You should also be sure to register for our Indigo Dyeing Workshop before August 9th as space is limited, and this unique program is not one to be missed! And when you stop by the Library, be sure to contribute to our first ever Collaborative Summer Sketchbook: anyone can add their own artistic entry to this group art project that will serve as a snapshot of 2025.

For kids, we'll be painting the town red (and orange and blue and yellow and...) as we continue some of our favorite craft times! Older kids can drop into our Wednesday Imagination Station to explore different artistic mediums, while the little ones should check out Art Focus Fridays in the mornings. Plus, look out for Rhonda's Reptiles, a chance to get up close and personal with all sorts of scaly critters on July 22nd, and the return of our Teddy Bear Picnic on August 14th, where kids can bring their favorite stuffed friend for a special story time and leave them at the Library overnight for a sleepover!

Teens can join in the fun as well, with a No Bake Baking Contest on July 25th (to avoid using our ovens in the summer), an indoor AC Beach Day on August 14th, and two new LGBTQIA+ book clubs! Speaking of book clubs, don't forget to cheer on our two Battle of the Books teams as they practice hard to take home the prize! Our High School team will compete in August against other MHLS Libraries' teams, and our Middle School team will compete in September. We have some incredibly strong readers in our community, and win or lose we could not be more proud!

Have you heard? For the first time ever, we're collaborating with all of the other libraries in the Mid-Hudson System for the MHLS Road Trip! Participation is easy: just pick up your map at the Library and bring it around to visit as many libraries in the system as you can. You and your family can earn more prizes the more libraries you visit. Visit all 70 locations, and you can get a unique special edition library card! Be sure to check out all of the unique offerings each library has to offer, and be sure to tag us on social media as you progress!

To sum things up: we've got a lot going on this summer! So be sure to stop by for a program, a book, some computer time...or just to chill out in the AC. We're here for you, and cannot wait to bring these fantastic programs to our neighbors!

## Bridging the Digital Divide

*Keeping healthcare accessible for you!*

The medical landscape has changed drastically in a relatively short time, and we know how difficult it can be to keep up. With most healthcare providers requiring online portals, apps, and eSignatures, it can be tough to understand new trends and expectations. Thanks to a grant through the Network of the National Library of Medicine, we are able to ensure that you and your neighbors can always access necessary medical information at the Library, regardless of income or internet accessibility! The NNLM has generously assisted our purchase of new patron computers and accessories for helping you access these vital records regardless of common barriers. Our new color printer will ensure that you can save hard copies of sensitive records, and as always we offer free scanning and faxing services. These new computers are safe, speedy, and secure, and our knowledgeable staff are ready to assist.

## The Art and Activism of Faith Ringgold
